

Nine Months Ended 31st December 2016

CEO Message

Dear Stakeholder,

The revenue recorded for the third quarter of the financial year 2016/17 is Rs 17.1 billion, a 21% increase over the Rs. 14.1 billion recorded in the same period last year. The Group also recorded a Profit Before Tax of Rs 1,242 million for the first nine months of FY16/17.

The profit attributed to the equity holders for the third quarter of FY2016/17 at Rs. 274 million reflects a 20% reduction from the corresponding period in the previous financial year. Similarly, PBT also dipped by 23% in comparison to the corresponding period in the previous financial year primarily due to a decline in other Income including a write down in passive investments and a drop in exchange gains in FY 15/16. The operating results (EBIT) increased by 2% in comparison to previous year.

Logistics

The performance of the core sector logistics recorded a healthy quarterly growth of 24% in revenue at Rs. 14.8 billion against a backdrop of reduced demand and increased pressure on margins. Our Air and Ocean freight recorded double digit volume growth backed by new customer acquisitions. The core markets in India, Bangladesh and Sri Lanka recorded noteworthy performances fueled by volume growth in the US and Europe trade lanes. As anticipated though, margins took a dip in the US trade lane when compared to the high level in the previous year.

Far East businesses in Vietnam and Hong Kong recorded notable performances contributing to the overall growth. However, our operations in Middle East & Africa performed below expectations due to market challenges and higher buying rates leading to a dip in margins.

Leisure

The Leisure sector recorded revenue of Rs. 1.2 Billion with a growth of 25 percent in comparison to the corresponding period in the previous year. Our outbound and ticketing arm has seen considerable growth and we believe this trend would continue. We are focusing on channeling our efforts to expand the service portfolio and increase our value propositions within the leisure sector in the region.

Ventures

The sector recorded a revenue of Rs. 1.1 billion during the quarter. The write down in passive investments affected the profitability of the sector and efforts are being made to exit from these passive investments with value realization to the shareholders.

The perishable segment had to encounter vulnerability partly due to volatile climatic conditions which prevailed during the year. The group is evaluating several proposals to achieve margin improvements.

We continue to take initiatives to improve group profitability and strengthen our market position in order to capitalize growth opportunities.
