INTERIM REPORT

THREE MONTHS ENDED 30TH JUNE 2017

CEO Message

Dear Stakeholder,

Expolanka group delivered a Revenue of Rs. 15.8 billion for the quarter reflecting 6% increase YOY whilest delivering a profit of Rs 252 million.

The profit attributed to the equity holders for the first quarter of FY 2017/18 stood at Rs. 204 million reflecting a 12% increase YOY.

Logistics

Our continued focus enabled the Logistics sector to deliver volume growth across both Air Export and Ocean Export Products. The Air Export Vertical grew by 18% in line with the trend seen over the last several years. The renewed efforts on Ocean Export operation too has resulted in a volume growth of 36%. The above growth was the Catalyst in the group recording a revenue of Rs 14.6 Billion for the Quarter (Up by 18% YOY) However the pressure on yields globally continued to effect the overall profitability of the sector, reporting a profit of Rs. 321 million (Drop by 18% YOY).

The North American trade lane faced a marginal drop in volumes which was further accentuated with reduced yields resulting from increased buying pressure due to peak season. The Europe trade continued its trend of Healthy performance in volume growth delivering a volume growth of 47% within the Air Export segment. The Intra Asia Trade lane maintained its consistent performance and recorded growths within the Air Imports segment.

Whilst all stations contributed to the growth in Volumes, the performance of certain key stations was impacted due to the pressure on yields, particularly the Far East and South Asian markets. From an overall perspective, maintaining margins remain a constant challenge as pressure on yields continue to remain.

The warehousing sub sector which saw a turnaround in performance last year continued this trend positively during the first quarter as well.

Leisure

The Leisure sector recorded revenue of Rs. 305 million whilst delivering a Net profit of Rs. 59 million for the quarter, which resulted in a significant growth of 27% over the last year. The divestment of Akquasun too has brought about a positive impact to the bottom line. The concentration of the sector will remain in maintaining this momentum & driving efficiencies.

Investment

The sector recorded a revenue of Rs. 944 million during the quarter. Our previous restructuring efforts and the divestments from certain passive Investments has enabled the sector to be more balanced. We will continue to gain efficiencies whilst looking at opportunities to exit from the remaining passive Investments.

In conclusion the group will continue to stay focused on its core businesses and drive the Logistics Sector by looking at growing volumes and improving efficiencies within the operations.
